Highway : 2.5

Beach : 0.3

City : 0.5

Cash machine : 0.5

Well orientated 270m² plot just 300m² from the beaches of Lo Pagán in San Pedro del Pinatar - Costa Cálida Murcia. The plot already had a building on it before, so the licenses are there to build of property of roughly 130m² tot 150m². There is enough space to park a car on your plot, build a garage or even a private pool. There are no high buildings in front of the plot that can block the sun. Orientation is South-west.

We do have our own team to build properties in the area and also an architect in San Pedro del Pinatar. Please feel free to ask us anything regarding this particular plot or building your own dream home close to the beaches, city centre, promenade and parks.
